

Test ID: T-001

Bug Description: Filled password, while navigating to sign in page

Environment: QA

Steps:

1. Enter the url
<https://petstore.octoperf.com/actions/Catalog.action>
2. Click on sign in link
3. Verify the result

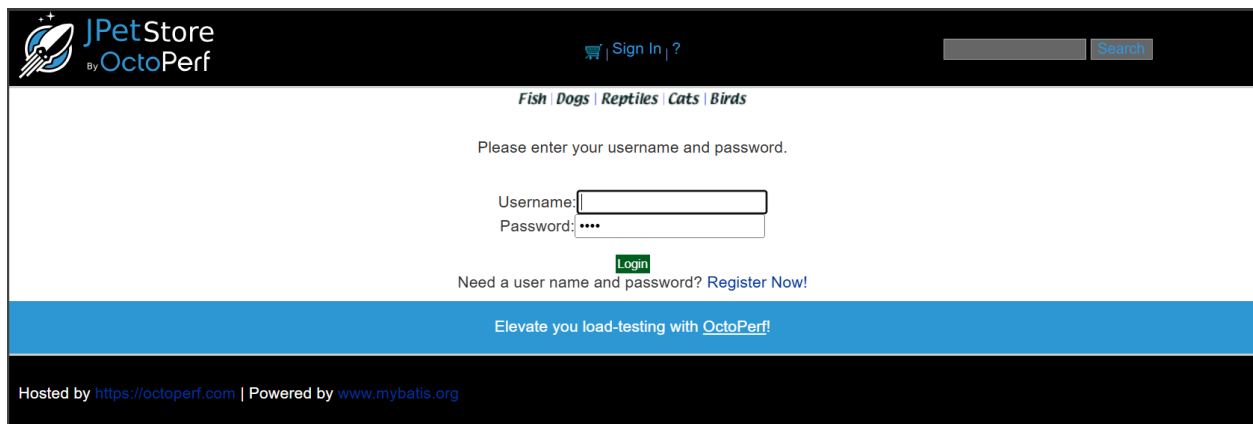

Actual result: Password field has prefilled password data visible as dots.

Expected result: Password column should be empty.

Severity: Low

Priority: High

Screenshot:

The screenshot shows the JPetStore login page. The header includes the JPetStore logo and navigation links for Fish, Dogs, Reptiles, Cats, and Birds. A sign-in link is visible in the top right. The main content area prompts the user to enter their username and password. The password field is prefilled with dots, indicating a password is already entered. A green 'Login' button is present below the password field. A footer banner promotes OctoPerf load testing, and the bottom of the page shows hosting and power-by information.

Screenshot:

The screenshot shows the JPetStore checkout page. At the top, there is a navigation bar with the JPetStore logo, a 'Sign In?' link, and a search bar. Below the navigation bar, there is a breadcrumb trail: 'Fish > Dogs > Reptiles > Cats > Birds'. The main content area has a heading 'Order' and a subheading 'Billing Address'. Below the heading, there is a form with the following fields: First name, Last name, Address 1, Address 2, City, State, Zip, and Country. The form is partially filled with the following values: First name: Abhinav, Last name: Dwivedi, Address 1: h no 000, Address 2: Jaunpur, City: Mariahu, State: Uttar Pradesh, Zip: 222137, and Country: India. Below the billing address form, there is a 'Shipping Address' section with the same fields as the billing address form. The form is currently empty. At the bottom of the form, there is a 'Continue' button. A 'Return to Main Menu' link is located in the top right corner of the main content area.
